29th Presentation of School Cooperatives in the Republic Croatia

Arsenal, Trg tri bunara 1, Zadar
4 – 5 October 2017
10:00 a.m. – 06:00 p.m.

The presentation of school cooperatives is an event that represents a true festival of creative expression, ingenuity, innovativeness and entrepreneurial spirit among children and youth. At the 29th Presentation, the 70 best pupils' cooperatives in Croatia will present their work and the fruits of their labour. You will be able to browse and buy a variety of decorative objects and objects for everyday use made from ceramics, glass and wood, traditional needlework, various creams, oils and many other products – all of them made by the industrious little hands of young cooperative members, pupils of primary and secondary schools.

All of the 20 counties will also have their own exhibition spaces, where each of the 506 school cooperatives that exist in Croatia, will present their best product. 11 school cooperatives will also present the research projects that they have completed as part of their cooperative's programme. At the Presentation, all participants and visitors will also be able to take part in 12 introductory workshops (strawberry multiplication, playful potions, tastes of Zadar, healthy and sweet, lace from the island of Pag, crepe flowers, decoupage, Kyudo, ...)

The presented products will also be available for purchase.
